Thinking Out Loud

(By H. M. L.)

It's Landon to lead the Republicans, just as many suspected it would be. He enters the race with the handicap of William R. Hearst's support, but we know that, if elected, he will be kicked out of the good graces of the Hearst papers within a year after his inauguration. No president worth his salt will take the Hearst dictation in office. That is why we have seen year after year the building up and tearing down of our Presidents in the blatant Hearst sheets.

Can Landon be elected? Sure he can. But it will take hard plugging on the part of Republicans and disaffected Democrats to do it. It must be a sane vigorous campaign with the emphasis placed on national saving instead of spending. The national carbuncle of unemployment that Roosevelt attempted to reduce and eliminate by laving it with a golden salve has not yielded to the treatment. That fact must be kept to the front in all campaign debates. It is going to be hard to explain away 12,000,000 unemployed, after spending $10,000,000,000 to put them to work. The truth of the matter is and it has been amply demonstrated in the last three and a half years, that the more billions spent upon relief work, the more recieplents of this kind of work are inclined to accept it as their due and god-given right. Even though it yields a very poor living a great many men find it a refuge from doing anything toward finding themselves a job. In other words the effect of relief, long continued, whether with work or without it, is to initiate and confirm pauperism.

Since the first of the year utterances of President Roosevelt indicate that he recognizes that the Federal government is getting nowhere in reducing unemployment. He has shown in so many words a disposition to shoulder off the burden upon business and industry. In general, business replies that if the President will keep his hands off business, it will assume the burden, not in a day of course, but as developments justify, increased production. In the meantime, the Republican platform proposes a radical departure from the Roosevelt program, which if effected within a comparatively short time would go a long way toward restoring employment. That is returning the job of finding employment for the jobless to the states. It is proposed that this should be done under careful restrictions, but that the state governments would have the responsibility, which a great many have gladly shirked. Grants of Federal money for relief would be based on dollar for dollar appropriations of state funds. Under this plan, the task of taking care of the unemployed would be distributed among counties and cities where the various officials are well acquainted and know the needs, and even habits of those, who seek relief work. At one stroke it would do away with an army of Federal administrators, the majority of whom have been popped into offices for which they have no qualifications either in character or training.

As a matter of fact under the present system, states have had to match Federal money with their own, but the Federal government has taken control of all the money out of the state's hands. California taxpayers and elected government officials have had to stand aside and watch the waste, the prodigal spending, the labor of a mountain to bring forth a mouse, in the way of reducing unemployment. They have watched the need of relief grow with what it feeds on. There is only one sane conclusion to be drawn, that is the Roosevelt system of reducing or eliminating unemployment has proved a costly and futile experiment, a 100 per cent failure.

Now, despite the Federal payroll in all categories of some 800,000 government employees not counting those receiving work doles or subsistence doles, the outlook for defeating this system of government is not hopeless. The job holder is an advocate, but every body knows his bias. One cannot blame voters, moreover, for being loyal to the master of their payroll. It is a capital operation, economically, to sever a man from the source of his living, and any new administration would have to go about the job with circumspection and skill.

Or that 800,000 Federal employees, about 250,000 are not on the civil service list. This is due to General Farley's generalship. In the main this division of the Federal army are deserving Democrats and while we would like to think that an incoming Republican administration would be washed of its sins and as pure as new fallen snow, we know better. There are millions of deserving Republicans in the offing. Only a stern resolve to reduce the tax payers' burden will preserve the Republican party in event of victory.

JUDGE COUGHLIN SCORES OPEN AIR BARS ON WHEELS

Pronouncing judgment in the case of the People versus Helen Foster, City Judge Miles Coughlin on Saturday imposed a fine of $25 for throwing a bottle in the Plaza, of which the defendant paid $15 and was given 30 days to pay the balance. Judge Coughlin said:

The charge in this case is a violation of Section 601 of the California Vehicle Code, throwing glass on a public highway. The defendant was arrested on June 11th and brought to the city hall in company with several others. A complaint was filed against the defendant at that time but she was apparently unfit to appear in court. Yesterday the defendant was arraigned and pleaded not guilty and appeared Saturday.

Testimony was heard from Frank Davies and Oliver Peterson for the plaintiff and Harrison Randall, George Foster and Helen Foster for the defense. Witnesses for the prosecution testified that the car passed the stop sign on Sacramento street at the Plaza at a good rate of speed, driven by one Mildred Pierce of Sacramento, and as it turned toward the Broad street bridge that the defendant threw a bottle out of the car; that the bottle broke on the pavement; that the car returned to the spot later but that it was jerkily driven away again and that the glass was picked up afterwards by bystanders. The group were stopped near Glenbrook and returned to Nevada City by the highway patrol. The defendant contended that a bottle rolled out of the car and that after driving around a block or so they returned to pick up the pieces but couldn't find them. It is a question of the veracity of witnesses and the court cannot find from the testimony that there is any reasonable doubt but that the testimony of the disinterested witnesses was correct and that the defendant did fling the bottle from the car and leave the glass on the street. Too much credence cannot be given to the memory of witnesses who had openly flaunted themselves and their beer bottles frankly and impudently on the public streets, and who, after their apprehension, used language freely that might possibly be tolerated in a dive or bawdy resort but which was unfit for anything but the gutters of a public street. Defendant states that she has two small children to help support; her husband being out of work. These things should have been considered before as well as after an occurrence of this kind. These open air bars on wheels must be discouraged and curbed. The defendant is found guilty, and it is ordered and adjudged that the defendant pay a fine of $25.00.

TWO THOUSAND HAVE GOOD TIME AT N. SAN JUAN

Fully 2,000 persons attended the San Juan Cherry Carnival and Fiesta Sunday at North San Juan. The well arranged program was enjoyed, the amateurs drawing particular praise. The baseball game in the afternoon by Grace Bros., Nevada City and Celtric team of Sacramento, was a lively affair the Sacramento team winning by a score of 16 to 6.

There were 300 paid admissions to the Saturday night dance in Twamley hall, dancing continuing until the small hours of the morning. Particular praise should be given Frank Miller, who with a corps of able assistants spared no pains in making the affair a real success.

FORESTERS TO HOLD FIRE FIGHTING CAMP

Near the junction of the Washington and Tahoe Ukiah highways, at the Fowler saw mill Forest Supervisor DeWitt Nelson will conduct a fire guard training camp composed of 70 members of the national forest service in this area, on June 16 and 17. They will receive their annual training at the hands of experienced forest fire fighters. It is something in the nature of a camp outing and during the two day course a model camp will be maintained. Keen interest is manifested in the work.

MUST ANSWER TO CHARGE OF DRUNK DRIVING

Mr. Taylor and Mr. George enroute to the Relief Hill mine, from San Francisco, had their car sideswiped at Town Talk Saturday evening. Mr. Taylor was considerably shaken up and remained at the National Hotel until this morning, when he had sufficiently recovered to continue to the mine. Mr. Taylor received a cut over his forehead and Mr. George had several front teeth knocked out.

After the accident Mr. George swore to a complaint charging Clifford Stauffer of Grass Valley, with driving an automobile while under the influence of intoxicating liquor. He was arrested and brought into Judge W. L. Mobley's court this forenoon. Stauffer waived his preliminary hearing and the judge took testimony. Judge Mobley bound him over to answer in the superior court.

RICHARD JOSE SINGS AT NEVADA COUNTY REUNION

Many Nevada County people motored to Sacramento Sunday to attend the Nevada County Reunion. It was cloudy and cool and the throng enjoyed a delightful time. Judge George L. Jones and Mr. John O'Neill made short speeches. Richard Jose, silvery toned tenor, who is about 80 years of age sang several old time songs with the same firm voice as ever only breaking down toward the last as he realized he had met many former friends. He was born in Cornwall, England and came to Virginia City to work. A band leader heard him sing as a young man and trained him. Jose toured the country singing and sang in Nevada City about 23 years ago. He also worked for the state real estate board in Sacramento for a time.

Mr. Thomas Oliver, also of Cornwall, England, had the pleasure of greeting Mr. Jose and there were many others present who knew him. Among those making the trip from Nevada City were, Mr. and Mrs. Harry Bolton and daughter and son, Miss Alberta Bolton, Tom Bolton, Mr. and Mrs. Thomas Oliver, Miss Laverne Willard, Mr. John O'Neill, Judge George L. Jones.

A message has been received from Mrs. Charles Leiter from Beverly, Mass., in which she stated she was having a very enjoyable time and that it was rather cool which made it nicer to get about.

Mr. and Mrs. Lester Gregory has as week end guests Mrs. Gregory's nieces, Miss Claire Merzer and Mrs. Worthy Vanderford, of Woodland.

Mr. and Mrs. Frank Murphy spent last week end in the bay district. While away Mr. Murphy attended the Eagles convention in Petaluma. Mr. Murphy's father accompanied him home for a visit.

A delicious chicken dinner was served at the home of Miss Alma Marsh on Park avenue Sunday honoring the birthday of her brother-in-law, A N. Wisker, of Sacramento. Besides Mr. Wisker's wife and daughter, there were several from Sacramento and Roseville, and Mr. and Mrs. Ed Arthur and daughter, Miss Carrie Arthur of San Francisco.

Mr. and Mrs. R. J. Berggren, who purchased a home site not far from the Murchie mine several months ago, have just completed a cosy little mountain cabin and moved into it the latter part of last week.

WHISKERETTES ELECT OFFICERS

Friday night's meeting of the Whiskerinos and Whiskerettes at Armory hall was marked by the election of officers for the latter, an excellent program, and the presentation of candidates for office.

The Whiskerettes chose the following officers: Mistress of Ceremonies, Cleo (Babe) Buffingtin: Chief Whiskerette, Grace Schleif; vice chief, Ruby Miller; Sheriff, Alice Adams; deputies, Pat Flatley, Ruth Hutchison, Mrs. Rose, Alene Lewis; guard, Nellie Coulter, defense attorney, Mamie Filler; prosecuting attorney, Billy Mitchell; Ernestine Silerman, secretary and treasurer.

FOREST SERVICE SLOGAN; "KEEP FORESTS GREEN"

With the opening of the summer recreation season in the national forests of California, the U. S. rangers will add a new slogan to their familiar "Help Prevent Fires" and "Keep Your Forests Green." This will be an appeal to campers and picnickers to "Bury Your Tin Cans." Already requests for extra help to keep the public camp grounds clean have been received at the California headquarters of the U. S. Forest Service in San Francisco, and forest officers state that if the number of empty cans found to date in the campgrounds is any barometer of travel the 1936 tourist season promises to be a record breaker.

In 1935 a total of 3¾ million people visited the eighteen national forests of the state for sport and recreation Studies made by the Forest Service show that 69 per cent of those visitors came to the 1500 improved camp grounds and numerous summer home colonies in the forests, 15 per cent were fishermen, 7 per cent were hunters, and 9 per cent were people interested in winter sports, a rapidly growing recreational attraction of the national forests. This study also revealed that campers, fishermen and hunters spend on the average of five days each in the forests, summer home owners average about 18 days and winter sports men only one day in the snowy mountain playgrounds.

"The national forests of California include the larger part of the mountain regions of the state, and offer to vacationists one of the greatest summer playgrounds of the nation." said Regional Forester S. B. Show. "The wide range of these forests and their proximity to large centers of population and the great valleys of the state make them an ideal vacation land for millions of our citizens who wish to escape from business cares and oppressive heat.

"One fine thing about a vacation in the national forests," continued Mr. Show "is the fact that each visitor can choose the particular form of recreation he most enjoys. The attractions of the forests are sufficiently varied to please all tastes. One may motor over fine paved roads and enjoy the scenery, camp at one or more of the pleasant public camp grounds provided by the Forest Service, enjoy the comfort of mountain hotels and resorts, fish in the streams and lakes, hunt deer and other game animals in season with a gun or camera, ride or hike over well marked government trails, or go by pack train into some of the "wilderness areas" that have been created especially for these who wish to get away from civilization and rough it."

"National forest visitors will find the U. S. forest rangers courteous and efficient. They are your friends and are always willing to help the traveler. Camp fire permits, maps, and information on camping, fishing, hunting and "no smoking" and fire regulations can be obtained at any ranger station or national forest headquarters.

"The Forest Service." concluded Mr. Show, "extends to you and your friends a hearty invitation to come and spend your vacation this summer in the national forests playgrounds of California."

Mr. Fenton Fleming of Sacramento was a business visitor in Nevada City Sunday.

Delivery of Veterans Bonds Begins Tuesday

Veterans service bonds will be released at the Nevada City post office branch at Brand's studio located in the Dr. Reed building, Broad street beginning Tuesday, June 16th, at 8 a. m. to 12 m. and 1 p. m. to 7 p. m. These hours are subject to change according to demand. Notice of hours will be posted on the studio window and published daily.

Veterans receiving registered notice, written in RED INK where upon being properly identified bonds will be delivered to them.

Bonds will be delivered ONLY to the person whose name appears on the face of the envelope containing his notice. Complete identification must be made before bonds can be delivered. Two witnesses will be necessary in case the veteran is not known to postoffice employes. A committee of Veterans of Foreign Wars has agreed to assist in identifying bond claimants, but in case this committee does not know them, two business men of Nevada City will be sufficient to make the identification. Discharge papers or automobile ownership certificates will not be accepted as identification in themselves. All bond claimants must be personally identified.

Clerks on duty at the postoffice will accept bonds for certification for veterans desiring to cash them. Bonds certified will be returned to San Francisco by the postoffice department from where checks will be issued in payment. Veterans desiring to keep bonds intact will receive 3½ per cent interest annually.

The offices in the Brand studio will be maintained a sufficient number of days to care for all transactions. Veterans are respectfully asked to wait their turn at the studio in order that all may be served with care and dispatch, Mrs. Betty Martin West, postmaster, states that by following these simple rules veterans may expedite the delivery of their bonds.

ALASKA JUNEAU INCOME GAINS

Earnings of the Alaska Juneau Gold Mining Corp., to date this year, indicate that the company will show total income for the first six months, before prior charges, not far from the record established in the first half of 1934, when $1,204,950 was reported. In May, this year, Juneau reported total income of $204,500, before depletion, depreciation or income taxes against $199,300 in May last year, and $188,500 in May, 1934. For the first five months of 1936, net income is estimated at $921,200, before depletion, depreciation or income taxes.

MORMONS TO TAKE CARE OF THEIR OWN POOR

(By J. E. JONES)

WASHINGTON. June 15.—The Mormon church made a survey of relief among its members in Utah, Idaho and Arizona, which showed 88,460 church members on relief. According to the report 13,455 were on relief due to unemployment, and 11,500 to 16,500 persons "received relief who either did not need it, or who had farms that might, if farmed, have kept them off relief."

While politicians and others are spilling salt water tears about their unfortunate fellows the Mormon church out at Salt Lake City has announced to the world that it will follow the scripture and "gird up their loins—fresh courage take"—and take care of themselves!

Brigham Young once declared that "we have among us the "Lord's poor," the "devil's poor," and "poor devils." President Heber J. Grant endorses the philosophy of the great leader of the Mormon pilgrims of 1847 in a practical way. and he has rallied the church to a program that provides for made work to increase the acreage devoted to raising sugar beets; to a day of fasting each month by all Mormons and the cost saved for two meals to be paid over in cash to the Bishops. The regular tithing system of the church will yield its part of the necessary funds, and the farmers with their equipment will each donate one or more days to properly prepare and plant beets to be cultivated and raised by their less fortunate citizens and neighbors.

The Mormons are renowned for maintaining their own standards in human problems. They do not believe in the new fangled national harangue about chastising the rich or castigating the poor. When the government sent Santa Claus out to relieve the citizenry of their responsibilities the golden paw of the New Deal was soon "doling out relief on such a wholesale scale — making it so easy for the poor and unemployed to get ready money"

(Continued on Page Four)

G. KARTCHOKE IS CALLED BY DEATH

A letter from Mrs. Glayds Kartchoke Di Fiori tells of the death of her father, Gustave Kartchoke, 77 years of age in San Josce last Tuesday. Mr. Kartchoke was for many years a resident of this city and many old friends will be grieved to learn of his death. He had suffered from heart malady for many years. All his life he was interested in mining and while living in Nevada City was prominent in fraternal circles and active in all endeavors to promote community welfare. He and Mrs. Kartchoke resided, while here, at the Rector Brothers Hotel.

He helped organize the San Francisco Builders' exchange, and was one of its charter members. For more than 20 years he was president of the Champion Mining Company of Nevada City, and for several years lived at one of the company's properties, the Delhi gold mine, at North Columbia, as superintendent.

While in San Francisco he married Miss Emma Richards, member of a pioneer family of that city.

Surviving him are his widow, Mrs. Emma C. Kartchoke, and his daughter, Mrs. Gladys DiFiori. Funeral services were held Friday in San Jose. The deceased passed away while listening to the radio in his home at 1550 South Second street, San Jose.

ANCIENT CANNON IN N. D. G. W. PARK

Members of Hydraulic Parlor, N. S. G. W., moved the old U. S. Army cannon from near the Kopps Bakery to the Native Daughters park near the Alpha store Sunday. The old cannon was the property of Co. C. of Nevada City. It was with the company when Captain George A. Nihell joined and at that time the assistant artillery company was changed to infantry and the cannon discarded. It was from this company that Mr. Nihell earned the title of captain as he was in charge of it and from all accounts it was quite an imposing sight to see him on his fine horse at the head of his men when they marched or drilled on holidays.

The barrel had been taken off and the men had considerable difficulty in lifting it back as the metal barrel weighed 817 pounds, and there are no handles.

For many years it was in Red Men's park, but was brought in to protect it from the elements. It will be an object of interest on July 4th.

State Senator Jerry Seawell and brother, Floyd Seawell, of Roseville were Nevada City visitors Saturday. Mr. Seawell interviewed local people in the interests of his candidacy for re-election.

Joseph Fortune, formerly of Butte, Montana, who had spent several months in Nevada City, left on Saturday for Walker mine, Plumas county.

Past and Future Pledges

(By Representative Walter G. Andrews of New York)

We have now witnessed over three years of the so-called New Deal and what are to be our considerations looking to the campaign and the election? At the start, to be sure, some of the early expressions of Mr. Roosevelt and some of the measures sponsored by his leadership gave us hope for the solution of our pressing problems—but this did not last for long.

Mr. Roosevelt's personal charm lasted about two years, and even before that the failure of his policies became evident. At the outset, having no real or sound convictions of his own, Mr. Roosevelt surrounded himself with a group of impractical theorists. It is this group, to a large extent, who have supplied the ideas of the New Deal.

It is interesting to note that among the entire group of departmental and bureaucratic advisers of the President it would be most difficult to find one self-made man or anyone who, from experience, knows what it is to meet a Saturday night's pay roll.

Looking to the Democratic National Convention and Mr. Roosevelt's re-nomination, how can his 1936 platform be anything but meaningless?

Here is a man who promised to reduce federal expenditures. He has increased them enormously. He has cynically violated most of the other major planks of his 1932 platform.

Figures taken from the books of the Treasury Department itself show that up to May 18th last the federal government under the present Administration has expended the colossal sum of twenty five and one half billion dollars. Putting this long figure another way, twenty two thousand million dollars.

The magnitude of this spending becomes more alarming when you realize that during this period the government has been putting out more than two dollars for each dollar of revenue it has taken in. The Administration right now is in a hot spot. It is unwilling, if not afraid, to cut expenditures at the moment.

It was the President himself who once said "Taxes are paid by the sweat of every man who labors." The people must be assured that government borrowing will stop as soon as possible, thus releasing funds for private enterprise.

Honest relief must be provided for those who require it, but the Republican Party cannot attempt to follow the present Administration's wasteful policy.

The New Deal Administration is about to go into a national election. What is it going to do after election if it be successful in retaining control of the government? If its future is to be judged by its past performances, the spending will continue along with its experiments.

SPRAYING ELMS

Spraying of Nevada City elm trees was completed last Friday and the elm trees of Grass Valley were sprayed the week before. Mr. Victor Widmier hired the spraying equipment from the Nevada City Council and did the work.

County Horticultural Commissioner L. G. Lageson stated this morning that when beetles once get into a district they remain from year to year or as long as there are elm trees to feed on each season.

Social Events

Dr. John R. Bell Weds Miss Margaret Cabodi

Dr. John R. Bell, of Nevada City, was married to Miss Margaret Cabodi in Westminster Presbyterian church in Sacramento at four o'clock Sunday afternoon. Dr. Clarence A. Kircher officiated. Mrs. William DeVicenzi, sister of the bride was matron of honor, and her brother, Americo Cabodi was best man. Fifty guests were entertained at a reception at the home of the bride's mother in Sacramento. The newly wedded couple are enroute to Los Angeles for a week's honeymoon and will return to Nevada City to reside, where Dr. Bell has an extensive practice as a dentist. Dr. Bell is a graduate of University of California and the bride received her education in the state of Washington.

Ladies Aid Society Presents Surprise Gifts

The Ladies Aid Society of the Methodist church held a most enjoyable meeting last Wednesday afternoon with fifty five present. A feature of the meeting was the presentation of surprise gifts for the two outgoing officers, Mrs. Bert Moody and Mrs. Ray Murchie, president and secretary respectively, who had served about ten years. Mrs. Moody was presented with a lamp and Mrs. Murchie a purse, as a token of appreciation of their faithful and untiring service. A dainty luncheon of ice cream and cake was enjoyed.

GOOD SERVICE COSTS NO MORE

A modern establishment—a trained, intelligent and courteous personnel — distinctive motor equipment and other evidences of progress and prosperity are NOT an indication that funeral service charges will be high. A successful concern can be built only by serving honestly and well, at prices that are fair and reasonable.

WEEKLY

COMMENT

BY

Christian Andersen

Herbert Hoover's speech at the Republican Convention brings to mind a true story. Our police officer, Charlie Ninnis, has the honor to have had Former President Hoover as his mucker.

Mr. Hoover is the only living ex-president and Mr. Ninnis, it is believed, is the only living former miner who worked with Mr. Hoover. Now take a bow Mr. Ninnis.

Yodeling is quite the rage both in vaudeville and the amateur programs. The trick has no musical standing but is a plain phenomena of voice contortion. Nearly every one enjoys it, if an audience likes yodeling that is what brings home the bacon, and that is an expensive item just now.

Now that Hearst has his candidate nominated for president it is about time for him getting editorials ready to denounce him. Hearst boosts his proteges one day and the next day the protege wakes up to find an editorial denouncing him. Oh, well, it's an old Spanish custom, at San Simeon.

One editor is at a loss to see how the G. O. P. elephant is going to have his feet track. He seems to think that one part of the platform says go in one direction and the next paragraph says, now go this way. This editor thinks the elephant may become confused or perhaps balk in the middle of the road. There is a lot of sincerity of purpose in the platform, but since the democratic party has preempeted all the vote getting slogans and hokum, it is hard to think up any new ones.

The spontaneous spark of another French revolution may not touch the fulminating cap which will set it off but the French temperament is of an extreme nature, either they kiss you or kill you and any time may be revolution time? They borrowed the extreme limit from America in time of crisis and they are taking the extreme limit of time in which to pay.

Were I a poet the inspiration of the Whiskerino would make me write some of the finest measures. It's contentment must come to my simple soul in expressions of wonderment and satisfaction with the movement. Never saw such pep or co-operation in any organization. Then too this pep is so contageous that if you even come into the proximity of any Whiskerino you become immediately inoculated with the germ of civic pride and the desire to do a bit for the "cause." If nothing but the spirit remained the Whiskerino will have filled a place in community advancement.

U. C. CREW SQUAD HAS HIGH RANK IN SCHOLARSHIP

BERKELEY, June 15.—The oft-repeated saying that athletes may be brawny but sometimes dumb has been disproven as applying to crewmen by the fifty five members of the varsity rowing squad at the University of California.

Scholastic records show that the fifty five galley slaves took an average of fifteen units apiece, which corresponds to the average course for University students in regular attendance. There were 105 A grades and more B's than there were C's. There were no failures and but nine units of incompletes.

This record was made despite the fact that crewmen spend from three to four hours every day rowing on the Oakland Estuary course from September through May. These are afternoon hours which might otherwise be used for study.

FISHING IS BETTER

Mr. Earl Hiscox, of the Fish and Game Commission, reports many catches of fine trout in the streams in the higher mountains, lower water in the big streams is making the fishing much better, some particularly nice fish being caught in the South Yuba river.

Mr. Hiscox in company of Mr. A. H. Willard, Captain of the Fish and Game Commission, have been busy planting trout fry in the streams of Jackson Meadows and Canyon Creek and Milton, Faucherie, Bowman and Weaver lakes.

Mr. and Mrs. A. Jacobs motored to Colfax Sunday to meet Mrs. Jacobs' sister Mrs. Edward Strauss, who had just arrived from Chicago for a visit. It has been six years since the sisters have seen each other and they are enjoying a happy visit.

Mr. and Mrs. Otto Kron and family moved into the Fleming home on Boulder street last Saturday.

LEGAL NOTICES

NOTICE OF SALE OF FRANCHISE

NOTICE IS HEREBY GIVEN that on Wednesday, the 8th day of April, 1936, an application in writing was made and filed in the office of the Board of Supervisors of the County of Nevada, State of California, by Pacific Gas and Electric Company, a corporation, for the grant of the right, privilege and franchise of erecting, constructing and maintaining electric transmission and distribution lines consisting of poles or other suitable structures and wires, crossarms and other appliances installed thereon in so many and in such parts of the public highways, streets, roads and places of said County of Nevada, as the grantee of said right, privilege and franchise may from time to time elect to use for the purposes hereinafter specified, and of using such electric lines for the purpose of transmitting, conveying, distributing and supplying electricity to the public for light, heat, power and all lawful purposes, which right, privilege and franchise are more fully set forth in the form of ordinance hereinafter contained, which said form of ordinance contains a statement of the character of said right, privilege and franchise and of the conditions upon which it is proposed to grant the same, and that the said form of ordinance is in the words and figures following, to-wit:

ORDINANCE NO. ——

ORDINANCE GRANTING TO AND ASSIGNS THE RIGHT, PRIVILEGE AND FRANCHISE OF ERECTING, CONSTRUCTING AND MAINTAINING ELECTRIC LINES CONSISTING OF POLES OR OTHER SUITABLE STRUCTURES AND WIRES, CROSARMS AND OTHER APPLIANCES INSTALLED THEREON IN SO MANY AND IN SUCH PARTS OF THE PUBLIC HIGHWAYS, STREETS, ROADS AND PLACES OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA, AS THE GRANTEE OF SAID RIGHT, PRIVILEGE AND FRANCHISE MAY FROM TIME TO TIME ELECT TO USE FOR THE PURPOSES HEREINAFTER SPECIFIED, AND OF USING SUCH ELECTRIC LINES FOR THE PURPOSE OF TRANSMITTING, CONVEYING, DISTRIBUTING AND SUPPLYING ELECTRICITY TO THE PUBLIC FOR LIGHT, HEAT, POWER AND ALL LAWFUL PURPOSE.

THE BOARD OF SUPERVISORS OF THE COUNTY OF NEVADA DO ORDAIN AS FOLLOWS:

Section 1. The right, privilege and franchise of erecting, constructing and maintaining electric lines consisting of poles or other suitable structures and wires, crossarms and other appliances installed thereon, including wires for the private telephone and telegraph purposes of the grantee, in so many and such parts of the public highways, streets, roads and places of said County of Nevada as the grantee of said right, privilege and franchise may from time to time elect to use for the purposes hereinafter specified, and of using such electric lines for the purpose of transmitting, conveying, distributing and supplying electricity to the public for light, heat, power and all lawful purposes, are hereby granted by said County of Nevada for the term of fifty (50) years from and after the time when this ordinance shall take effect, to and assigns.

Section 2. All electric lines which shall be constructed and used under and pursuant to the provisions of this ordinance and in the exercise of the right, privilege and franchise herein granted shall be erected and constructed in a good and workmanlike manner under the direction of the Road Commissioner of the District in which such highways, streets and roads are and shall be maintained in compliance with all valid laws and ordinances from time to time in force.

Section 3. The owner for the time being of the said right, privilege and franchise shall, immediately upon erecting, constructing, replacing or repairing the said electric lines, or any part thereof, at its own cost and expense place said highways, streets and roads, or so much thereof as may have been damaged thereby, in as good order and condition as that in which they were before being disturbed or excavated for the purpose of erecting, constructing, replacing or repairing said electric lines or any part thereof.

Section 4. The owner for the time being of said right, privilege and franchise shall have the right to maintain, repair and replace any or all of such electric lines from time to time as may be necessary and proper.

Section 5. The grantee of the aforesaid right, privilege and franchise, its successors and assigns, shall, during the term for which the same is granted, pay to the said County of Nevada two per cent. (2%) of its or their gross annual receipts arising from the use, operation or possession thereof; succeeding the date of the grant of said right, privilege and franchise, and thereafter such percentage shall be payable annually, and if such payment shall not be made, such right, privilege and franchise shall be forfeited.

Section 6. The said right, privilege and franchise are granted under and pursuant to the provisions of the laws of the State of California which relate to the granting of rights, privileges and franchises by counties.

Section 7. The franchise, right, privilege and permission hereby granted is not an exclusive franchise and right, and the right of said County of Nevada to grant like franchise, rights, privileges and permission is hereby reserved; provided that such grant shall not interfere with the reasonable use of the franchise, right, privilege and permission hereby granted.

Section 8. This ordinance shall take effect and be in force upon the expiration of thirty (30) days after its passage, unless suspended from going into operation by a referendum petition filed as provided by law, and shall, before the expiration of fifteen (15) days after the passage thereof, be published, with the names of the members of said Board of Supervisors voting for and against the same, for one (1) week in a newspaper published in said County of Nevada.

Passed this day of 1936, by the following vote:

AYES: Supervisors

NOES: Supervisors

ABSENT: Supervisors

Chairman of the Board of Supervisors of the County of Nevada.

Attest:

County Clerk of the County of Nevada; and

NOTICE IS HEREBY FURTHER GIVEN that it is proposed by said Board to grant said right, privilege and franchise upon the terms and conditions set forth in said form of ordinance; that sealed bids for such right, privilege and franchise will be received by said Board at its office in the Court House, in said County of Nevada up to the hour of 10 o'clock A. M., on Monday, the 20th day of July, 1936; that the successful bidder and his assigns, must, during the life of said franchise, pay to said County of Nevada a percentage of the gross annual receipts to be derived from the use, operation or possession of the said right, privilege and franchise upon the terms and conditions set forth in the said form of ordinance; that the said Board will meet in open session on the day and at the hour last hereinbefore mentioned and will then and there open and read such bids; that thereupon and during such meeting the said right, privilege and franchise will be awarded to the person, firm or corporation that shall make the highest cash bid therefor, provided only that at the time of the opening of said bids any responsible person, firm or corporation present or represented may bid for such right, privilege and franchise a sum not less than ten per cent. (10%) above the highest sealed bid therefor, and said bid may be raised not less than ten per cent. (10%) by any responsible bidder, and said bidding may so continue until finally said right, privilege and franchise shall be struck off, sold and awarded by said Board to the highest bidder therefor, in lawful money of the United States of America, and each sealed bid shall be accompanied with cash or a certified check payable to the Treasurer of said County for the full amount of said bid, and no sealed bid shall be considered unless such cash or certified check shall be enclosed therewith, and the successful bidder shall deposit at least ten per ent. (10%) of the amount of his bid with the Clerk of said Board before said right, privilege and franchise shall be struck off to him; and if he shall fail to make such deposit immediately, then and in that case his bid shall not be received and shall be considered as void, and the said franchise shall then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned; that such procedure shall be had until said franchise shall be struck off, sold and awarded to the bidder who shall make the necessary deposit of ten per cent. (10%) of the amount of his bid as hereinbefore provided: that such successful bidder shall deposit with the Clerk of said Board within twenty-four (24) hours after the acceptance of his bid the remaining ninety per cent. (90%) of the amount thereof, and in case he shall fail to do so, then the said deposit theretofore made shall be forfeited and the award of the said franchise shall be void, and the said franchise shall then and there by said Board be again offered for sale to the highest bidder therefor, in the same manner and under the same restrictions as hereinbefore provided; and in case said bidder shall fail to deposit with the Clerk of said Board the remaining ninety per cent. (90%) of his bid within twenty-four (24) hours after its acceptance, the award to him of said franchise shall be set aside and the deposit theretofore made by him shall be forfeited, and no further proceedings in the sale of said franchise shall be had unless the same shall be again advertised and offered for sale in the manner hereinbefore provided; and

NOTICE IS HEREBY FURTHER GIVEN that the grantee of said right, privilege and franchise must, within five (5) days after the same shall have been awarded, file with said Board a bond running to said County of Nevada, with at least two (2) good and sufficient sureties to be approved by said Board, in the penal sum of one thousand dollars ($1,000.00), conditioned that such bidder shall well and truly fulfill and perform each and every term and condition of said franchise, and that in case of any breach of condition of said bond the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon said bond; and that in case the said bond shall not be filed as aforesaid, then the award of the said franchise shall be set aside and any money paid therefor shall be forfeited, and said franchise shall, in the discretion of the said Board, be re-advertised and again offered for sale as provided by law. For further particulars reference is hereby made to said application filed as aforesaid in the office of said Board, and also to the resolution adopted by said Board on the 3rd day of June, 1936, under and pursuant to which and to the provisions of such laws of the State of California as relate to the granting of rights, privileges and franchises by counties, this notice is given and all proceedings relating to the grant of said right, privilege and franchise will be had.

Dated: June 11th, 1936.

Published by order of the Board of Supersivors of the County of Nevada, State of California.

R. N. McCORMACK, Clerk.

June 15, 22, 29, July 6.

No. 6496
SUMMONS

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF NEVADA.

DOROTHY A. LEWIS, Plaintiff vs. WILLIAM VINCENT LEWIS, Defendant.

Action brought in the Superior Court of the State of California in and for the County of Nevada, and the Complaint filed in the office of Clerk of said County of Nevada.

JONES AND FINNEGAN, Attorney for Plaintiff.

The People of the State of California Send Greetings to WILLIAM VINCENT LEWIS, Defendant:

You are Hereby Directed to Appear, and answer the complaint in an action entitled as above, brought against you in the Superior Court of the State of California in and for the County of Nevada within ten days after the service on you of this Summons—if served within this county; or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiff will take judgment for any money or damages demanded in the Complaint, as arising upon contract, or Plaintiff will apply to the Court for any other relief demanded in the Complaint.

Given under my hand and seal of the Superior Court of the State of California in and for the County of Nevada, this 5th day of March, A. D. 1936.

R. N. McCORMACK, Clerk.
By R. E. DEEBLE, Deputy Clerk.
April 27-May 4, 11, 18, 25-June 1, 8.

HELD TO ANSWER

J R. McDonald, arrested for passing a check without sufficient funds to cover it, had his hearing in Judge Mobley's court this morning. The judge found sufficient evidence to believe the man guilty and held him for the superior court.

Their Level Best

(By A. Merriam Conner)

The song of a river at twilight,
The fragrance of laurel and pine,
Old cabins forsaken and lonely,
Dim trails leading down to a mine;
Cool winds in the whispering tree tops,
The gleam of the first evening star,
And here on the shadowy hillside
The gates of the past stand ajar.

And forth from the mystical portals
Come thronging our own pioneers,
To light the old camp fires at nightfall
And break the long silence of years;
The forests seem patiently waiting
For voices once gallant and gay
To tell how they conquered the kingdom
We're holding so proudly today.

They blazed winding trails through the mountains,
And harnessed the turbulent streams,
They labored in gulches and canyons
Alone with their hopes and their dreams;
They founded our towns and our cities,
An empire they reared in the west—
To the land that insistently called them,
Each one gave his strong level best.

The power of streams flowing seaward,
Vast forests of cedar and pine,
Fair valleys and wonderful cities,
The wealth of the field and the mine,
These—these are the gifts they bequeathed us
By doing their strong level best;
So joy to the hearts still beating
And peace to the hearts at rest.

CHRISTIAN SCIENCE TO OPEN NEXT SUNDAY

The Christian Science church on the lot purchased from the late Mrs. Celia Neagle on lower Boulder street, is practically complete and will be open for services next Sunday. There will be services at 11 in the forenoon and three in the afternoon, the public being cordially invited to attend.

The new building with all cement foundation, front and back steps, porches and spiral pillars, is about 25 by 50 feet in size and painted white with black trimming. Frosted windows give a subdued light in the vestry and room where services are held.

Mrs. Charles Meyers has moved to Pike City to be near her husband who is employed at the Alaska mine north of Nevada City.

MORMONS TO CARE FOR OWN POOR

(Continued from Page One)

that the Mormons fell, like the rest of humanity and "lost their compunction and their pride in the matter of accepting government gratituities," relates an account of what happened in the rich Arcadia that has headquarters at Salt Lake City.

The Mormon chiefs have tackled the problem, and the edict has been issued that on October 1 "all church members" will be taken from every "form of direct government relief", and as rapidly as possible "from government work relief rolls". Further: food, clothing and additional aid will be supplied to care for all the poor, and jobs and means of self-sustenance will be found for them. The whole plan will be carried out without paying any salaries, fees or compensation for other services.

The Mormons have challenged the Christians and the citizenry of the entire nation, and their government! No one doubts for a moment but what the Mormon church will do everything it has decided to do. They have showed how America can "fresh courage take" and regain its self-respect.

PROPER LIGHTING costs so little

EYESIGHT IS PRICELESS

The Better Sight table lamp pictured to the left gives you generous light over the entire surface of table and desk. In addition it throws enough light upward and throughout the room to get rid of eye-straining shadows.

LIGHT that is safe for grown-up eyes is not always safe for children's eyes. Young eyes are still growing; gaining strength. That is why eyestrain caused by reading or studying in poor light may lead to eye trouble in later years. Proper lighting helps healthy eye development just as proper food builds sturdier bodies.

The new Better Sight lamps give ample, soft, diffused light that promotes comfortable seeing and protects eyesight. Buy one of these better lamps today.

Check up on the lighting in your home. Fill the empty sockets and replace old lamps with new so that you will always have good light when you read or study.

★ ★ ★

Good light never was so cheap. Lamp bulbs today are twice as efficient—give twice as much light as they did in 1921. And they cost 66% less. Then, too, the Reduced Electric Rates mean Good Lighting is Cheaper than ever before.
